TRUSTEES' REPORT

Parishes of the Diocese of Dublin

BACKGROUND

A diocese is composed of distinct parts known as parishes being communities of the Christian faithful established and entrusted to a pastor under the authority of the diocesan bishop.

The Archdiocese of Dublin covers an area of some 100 kilometres of the mid-eastern coast of Ireland and extends inland over seventy kilometres. The entire county of Dublin forms a substantial part of the Diocese along with most of Wicklow, considerable sections of Kildare, in addition to sections of Carlow, Wexford and Laois.

The area covered by the Diocese is 3,184 km sq. At the most recent available estimate, the catholic population of the diocese was approximately 1.1 million.

There are 197 parishes in the diocese. The parishes are established and operate according to the provisions of the Code of Canon Law which confers on them separate canonical status, rights and obligations. Canon Law is the name given to the laws and regulations that govern within the Catholic Church.

Religious Order Parishes

There are eight parishes excluded from the Combined Parish Accounts for the year ended 31 December 2019. The physical assets such as churches in these parishes are owned and managed by the relevant religious order. These orders also have their own charitable registration with the Charities Regulatory Authority and will complete their own reporting with the Authority in respect of the parish.

The Parishes concerned are as follows:

- | | |
|---------------------|-----------------------------|
| • Phibsborough | • Mount Argus |
| • Dominick Street | • Kimmage Manor |
| • Whitefriar Street | • Inchicore Mary Immaculate |
| • Gardiner Street | • Tallaght (St Mary's) |

Schools

There are at present 450 primary schools in the Diocese under the patronage of the Archbishop. The Archbishop is not the Patron of the post-primary schools. There are 111 catholic post-primary schools in the Diocese. The Archdiocese has a representative on the Boards of Management of 45 other secondary schools, including community schools and colleges and comprehensive schools. Catechists work in a number of Community Colleges. The primary school properties (land and buildings) are vested in the St Laurence O'Toole Trust (see page 6), usually on behalf of the parish in which the school is located. The ownership of school properties is in the form of custodianship and consequently these properties have not been capitalised in the financial statements.

The financial statements relating to the operation of the Schools of the Diocese of Dublin are not included in this annual financial report. The Board of Management of each school is a separate legal entity.

STRUCTURE

The Charity comprises the financial statements of the Combined Parishes, the Clerical Fund, the Common Fund and the Share Fund.

Combined Parishes

The combined parishes section comprises the combined financial statements for the parishes of the Diocese excluding the eight parishes above on the basis that the assets of these parishes are owned and managed by religious orders and they have separate charitable registrations. The assets and liabilities of a parish belong to the parish, not to the bishop or to the parishes collectively.

Clerical Fund

The Clerical Fund is funded by the Common Fund and donations from priests. It mostly funds the costs of care for priests in nursing homes and priests who need support due to illness.

Common Fund

The Common Fund is for the suitable and equitable remuneration of priests serving in the Diocese. It is funded through the first collection at weekend Masses, dues and a portion of stole fees, which are offerings for baptisms, funerals and weddings.

TRUSTEES' REPORT - continued
Parishes of the Diocese of Dublin

STRUCTURE - continued

Share Fund

The primary purposes of the Share Fund are to finance central support services for parishes and to provide financial assistance to low income parishes. The fund primarily derives its income from the second collection, which is taken up at Mass in every Roman Catholic Church in the Diocese normally every weekend.

The Share Fund comprises two further restricted funds: the restricted Pastoral Services Fund and the restricted Building Fund.

Pastoral Services Fund

The Pastoral Services Fund supports lay pastoral ministry with 22 parish pastoral workers that hold appointments in various parishes in the Dublin Diocese.

Building Fund

The Building Fund provides financial assistance for the maintenance and repair of the buildings in the parishes.

Civil Law

In Civil Law, the Schools and Parishes of the Diocese of Dublin ("the Charity") is a charitable Trust, governed by a Trust Deed signed on 20 December 2017. The registration number of the Charity with the Charities Regulatory Authority (CRA) is 20016166. The Charity is registered with the Revenue Commissioners as being established for charitable purposes – CHY No. 7424. For the purposes of these financial statements the word "Schools" has been removed from the constitutional name of the Charity as the operations of schools are dealt with by boards of management which are separate legal entities.

There is a separate registration with the CRA for the Charities of the Archdiocese of Dublin (see page 6 for all related Charities).

GOVERNANCE

The Archdiocese is governed by the Archbishop. In the exercise of his authority, the Archbishop is subject to the provisions of the Code of Canon Law.

The Archbishop is assisted in his role by the other Co-ordinating Trustees. Those who served during the year are listed on page 1 and are members of senior clergy of the Diocese. New trustees are introduced to their role and responsibilities by the Financial Administrator at which time a briefing and other background documentation is given together with copies of the trust deed and the latest financial information available.

The Co-ordinating Trustees meet annually to receive the Annual Report and audited financial statements. Other meetings take place as required.

Unless otherwise stated, the Co-ordinating Trustees were in office up to the date of approval of the financial statements.

Dublin Diocesan Finance Committee

The Dublin Diocesan Finance Committee ("DDFC") is a non-executive Committee currently comprising ten members, of whom three are priests, one a religious sister, and six are lay members. The Archbishop appoints the Committee members and the Chairperson. The DDFC advises and guides the Archbishop and the Trustees in the financial management and stewardship of the Charity. The Finance Committee members who served during the year are listed on page 1. The Finance Committee normally meets ten times per year. Unless otherwise stated, the Finance Committee members were in office up to the date of approval of the financial statements.

There are three subcommittees of the DDFC: the Buildings Committee, the Investments Committee, and the Audit Committee.

The Buildings Committee

The Buildings Committee oversees the governance of building projects with values over €50,000 for churches and over €100,000 for parochial houses in both the Diocese and parishes of the Diocese. The Buildings Committee comprises one member of the DDFC, who is Chairman, together with four additional co-opted independent members, with relevant expertise.

TRUSTEES' REPORT - continued
Parishes of the Diocese of Dublin

GOVERNANCE - continued

The Investments Committee

The Investments Committee comprises of one member of the DDFC, who is Chairman, together with one additional co-opted independent member. Aon Hewitt acts as advisors to the Committee.

With the guidance of the DDFC, the Trustees have entrusted the management of investments of the Charity to independent investment managers. The Investment Committee monitors the performance of these managers at quarterly intervals. The Investment Committee has ensured that proper investment management agreements have been signed with each of these managers for all of the funds under their management.

The Audit Committee

The Audit Committee considers accounting, audit and risk issues and reviews and recommends strengthening of the Charity's governance processes. It comprises of three members of the DDFC. The Audit Committee oversees financial reporting and related matters such as risk management and the internal and external audit functions. Sr. Irene Dunne and Fr. Robert Smyth were appointed to the Committee in 2019.

Terms of Reference have been set for all the Committees detailed above.

The other diocesan advisory bodies of the Charity are:

College of Consultors, a group of priests appointed for a five year term, who the trustees consult on matters such as acts of significant administrative importance and the proposed sale of assets.

16th Diocesan Council of Priests advises the Archbishop in governing the Diocese.

Commission of Parish Boundaries advises on the provision of Churches and pastoral outreach centres. It also advises on the re-organisation or establishment of parishes, and the revision of parish boundaries. The Commission of Parish Boundaries includes a number of lay experts.

Diocesan Sacred Art and Architecture and Historic Churches Commission who study new church designs and plans for the alteration of existing churches and make recommendations to the Archbishop. The Diocesan Sacred Art and Architecture and Historic Churches Commission includes a number of lay experts.

MANAGEMENT

Each parish is managed by a member of clergy who has been appointed with responsibility for that parish. The title of the member of clergy managing the parish can differ. Some parishes operate in groupings managed by a Moderator. Other parishes are managed by a Parish Priest, or by a Priest Administrator. A parish Finance Committee, a requirement under Canon Law, assists and makes recommendations to the priest. Details of the Trustees for each parish are given in the Appendix.

The Common Fund is managed by the Management Committee of the Common Fund which makes recommendations to the Trustees.

The Clerical Fund is managed by the Clerical Fund Society which makes recommendations to the Trustees.

The Share Fund is overseen by the Diocesan Finance Committee which makes recommendations to the Trustees.

Rules or statutes are in place for the Common, Clerical and Share Funds.

The names of the Charity Bankers, Solicitors, Investment Advisors, Internal Auditors and External Auditors are located on pages 1 and 2.

TRUSTEES' REPORT - continued
Parishes of the Diocese of Dublin

RELATED CHARITIES

The Charity is affiliated with the following other registered charities, the first of which detailed below is the main Diocesan charity, the others being the various diocesan agencies:

	CHY Number	CRA Number
Charities of the Archdiocese of Dublin	1333	20002022
World Meeting of Families 2018	22001	20152710
Diocesan Agencies		
Crosscare	6262	20010942
Accord	6983	20014100
Dublin Diocesan Pilgrimage to Lourdes	5613	20008703

The St Laurence O'Toole Diocesan Trust is a bare trust in which all diocesan and parish properties are nominally held. It is a Company Limited by Guarantee (Registered Number 24430). It does not carry out any activities and is not a registered charity with the CRA. The properties of the Trust are reflected in the financial statements of the appropriate registered charity, that being the Charity holding beneficial ownership of the property.

INTERNAL CONTROL AND RISK MANAGEMENT

The Co-ordinating Trustees perform a coordination role to ensure that the Charity makes annual filings and brings together the relevant information for each parish.

The Co-ordinating Trustees are responsible for providing reasonable assurance that:

- the Charity complies with relevant laws and regulations;
- the Charity is operating efficiently and effectively;
- the Charity's assets are safeguarded against unauthorised use or disposition;
- proper records are maintained and financial information used within the Charity or for publication is reliable; and
- the systems of internal control are designed to provide reasonable, but not absolute, assurance against material misstatement or loss.

The Parish Trustee is responsible for the operations of the Parish and the preparation of the financial statements of the Parish.

REVIEW OF THE PERIOD

The Charity is comprised of the Combined Parishes, the Clerical Fund, the Common Fund and the Share Fund.

The Charity had net income of €564,000 for the year ended 31 December 2019 (2018: €88,000) before it benefited from gains from the sale of buildings of €7.1m (2018: €3.2m), which were no longer required. The net movement in funds of the Charity was €7.7m for the year ended 31 December 2019 (2018: €3.3m).

A detailed analysis of the individual funds is set out in notes 19 - 21 on pages 42 - 47.

Combined Parishes

The results for the 189 Parishes are combined, however individual parish funds are attributable to each separate Parish. The financial statements for individual parishes are available in each parish.

The Parishes had net income before gains of €331,000 for the year ended 31 December 2019 (2018: €4.0m) before it benefited from gains of €5.9m from the sale of 15 buildings in 2019 (2018: €2.6m); mainly parochial houses. Low-income parishes received assistance from the Share Fund of €1.5m in 2019 (2018: €2.2m). During the period, City Quay parish repaid share assistance of €149,000, from a previous reporting period, back to the Share Fund resulting in net share assistance of €1.4m for the year ended 31 December 2019. The net movement in funds of the Parishes for the year ended 31 December 2019 was €6.3m (2018: €6.6m).

TRUSTEES' REPORT - continued

Parishes of the Diocese of Dublin

REVIEW OF THE PERIOD - continued

Combined Parishes - continued

Total income for the Parishes for the year ended 31 December 2019 was €31.4m (2018: €35.6m). Income from charitable activities primarily family offering, donations and shrine income for the year ended 31 December 2019 was €18.4m (2018: €19.4m). Donations and legacies amounted to €3.6m for the year ended 31 December 2019 (2018: €3.9m). Trading income for the year ended 31 December 2019 was €7.6m (2018: €7.2m). This includes receipts of €351,000 in ten parishes in relation to a fundraising campaign for the year ended 31 December 2019 (2018: €573,000).

Parish expenditure for the year ended 31 December 2019 amounted to €32.6m (2018: €33.7m) which was for the operating and maintenance costs of the combined parishes. Details on parish expenditure are shown in notes 4 and 5 to the financial statements.

Clerical Fund

The Clerical Fund had net income before gains of €362,000 for the year ended 31 December 2019 (2018: net expenditure before gains of €206,000). Total income of the Clerical Fund for the year ended 31 December 2019 was €89,000 (2018: €623,000). The net movement in funds of the Clerical Fund for the year ended 31 December 2019 was a surplus of €1.5m (2018: net movement in funds was a deficit of €144,000). The Clerical Fund was funded by donations of €85,000 for the year ended 31 December 2019 (2018: €622,000). The Clerical Fund received a contribution from the Common Fund of €1.9m for the year ended 31 December 2019 (2018: €1.7m) to help meet the costs of elderly priests needing care support and priests who are ill. Total expenditure was €2.3m for the year ended 31 December 2019 (2018: €2.3m).

Common Fund

The net movement in funds of the Common Fund for the year ended 31 December 2019 was a deficit of €1.3m (2018: €664,000). Total income of the Common Fund for the year ended 31 December 2019 was €13.7m (2018: €14.2m).

The Common Fund, through the First Collection, supported the income of 429 priests during 2019. The Common Fund also made a contribution of €1.9m (2018: €1.7m) to support the Clerical Fund in meeting its care costs for sick and elderly priests. Total expenditure for the Common Fund in 2019 was €13.1m (2018: €13.1m).

Share Fund

The Share Fund had net income before gains of €1.1m for the year ended 31 December 2019 (2018: net expenditure before gains of €3.0m). The net movement in funds of the Share Fund for the year ended 31 December 2019 was a surplus of €1.1m (2018: net movement in funds was a deficit of €2.6m). For the year ended 31 December 2019, the Share Fund benefitted from a once-off donation of €2.0m from the Archbishop from the related charity the Archdiocese of Dublin towards the costs of the parish pastoral workers which are accounted for in the Share Fund.

Total income of the Share Fund for the year ended 31 December 2019 was €9.0m (2018: €6.2m). The Share Fund is supported by the second collection at weekend masses in the churches; there were more share collections in churches in 2019 as a result of fewer special collections held, which resulted in an increase in the income of the Share Fund, however the underlying trend in the share collection is downward. The main reason for the increase in the total income of the Share Fund for the year ended 31 December 2019 is the once-off €2.0m donation and a legacy.

Total expenditure for the Share Fund for 2019 was €6.6m (2018: €7.0m). The Share Fund contributed €4.2m in relation to central support services for parishes for the year ended 31 December 2019 (2018: €4.2m). The Share Fund provided €1.5m to parishes of the diocese to assist with ongoing capital, maintenance and operating costs for the year ended 31 December 2019 (2018: €2.2m). During the period, City Quay parish repaid share assistance of €149,000, from a previous reporting period, back to the Share Fund resulting in net share assistance of €1.4m for the year ended 31 December 2019.

Pastoral Services Fund and Building Fund

The Pastoral Services Fund supported lay pastoral ministry with 20 parish pastoral workers that hold appointments in various parishes in the Dublin Diocese. A fundraising campaign had proceeds of €137,000 towards lay ministry for the year ended 31 December 2019 (2018: €164,000).

The net movement in funds of the Building Fund for the year ended 31 December 2019 was a deficit of €225,000 (2018: net movement in funds was a deficit of €1.2m).

Other Activities

The Diocese continues to support parishes in meeting their obligations under the Charities Act 2009. Accounting records are now all recorded on a standard accounting software system, Accounts IQ, to facilitate the combination of financial statements across all parishes. Parishes continue to be supported in the use of the uniform pastoral management and accounting systems through training of parish staff which has continued throughout 2019 and will continue into the future.

TRUSTEES' REPORT - continued

Parishes of the Diocese of Dublin

REVIEW OF THE PERIOD - continued

Other Activities - continued

Parishes continue to invest locally in physical infrastructure, particularly in maintaining 241 church buildings, 127 of which are listed structures and more expensive to maintain. Of the €29.7m in other expenses in note 4 on page 28, church and premises costs totalled €16.7m for the Charity for the year ended 31 December 2019 (2018: €17.6m). Church and premises costs include €6.0m in maintenance costs for the year ended 31 December 2019 (2018: €6.3m).

Significant church refurbishment and maintenance projects were carried out in the following parishes;

- St Joseph's the Artisan, Bonnybrook – conservation and restoration work on the Church building
- Most Holy Redeemer, Bray – conservation and restoration work on the Church building
- St John's, Clontarf – conservation and restoration work on the Church building
- St. Joseph's, Balcurris – conversion of the former parochial house to a parish pastoral centre
- Sacred Heart, Donnybrook – renovation and expansion of the parish pastoral centre
- St. Francis of Assisi, Priorswood - completion of work on a new parish pastoral centre
- Church of the Assumption, Booterstown – completion of renovation of the parish pastoral centre
- Our Lady of Perpetual Succour, Foxrock – work includes restructuring of the sacristy, repositioning of the baptistery and replacement of the heating system
- Mary Immaculate Refuge of Sinners, Rathmines – demolition of existing parish hall replaced with a new parish pastoral centre
- Church of the Three Patrons, Rathgar – included works to the parish offices and demolition of existing parish hall replaced with a new parish pastoral centre
- St. Columbanus, St. Gall and Assumption of the Blessed Virgin Mary, Milltown – gable replacement and roof repairs
- St. Alphonsus and St. Columba, Ballybrack – roof repairs

The Church of the Annunciation in Finglas West parish closed on 7 October 2018. The building, one of the largest in the Diocese, had significant repair issues after falling into disrepair for many years and the upkeep of the enormous building was proving impossible for the parish to sustain. The building will be replaced with a new, fit for purpose Parish Church. There are also plans to construct a new Pastoral Centre, which will be a tremendous resource for the local parish community with prayer spaces, meeting rooms, offices and a cafe. The project, which is undertaken with Dublin City Council, includes plans for the land to be used to construct housing. The project is due to commence in late 2020.

As in previous years, houses surplus to requirements are being sold in parishes as a result of the declining number of priests.

On the weekend of 18 May 2019 and 19 May 2019, a new collection (Ministry Sunday Collection) was held for the first time and contributed €204,000 to the Pastoral Services Fund. The collection is devoted to building and supporting new forms of Lay Ministry throughout the parishes of the diocese.

Fundraising campaigns were undertaken in a number of parishes with assistance from the Office for Financial Development of the Archdiocese. The Albert Gubay Trust donated a total of €408,000 to 12 Parishes in the Diocese of Dublin in 2019 (2018: €1.6m).

The Trustees appointed an accountancy firm as independent internal auditors to the Charity for a fixed period of three years. The first phase of the internal audit programme commenced in 2019. This included the creation of a risk register for the Charity and the parishes. A three-year internal audit programme has been developed based on the risk register and the inherent risks for the Charity and the parishes.

TRUSTEES' REPORT - continued
Parishes of the Diocese of Dublin

EVENTS AFTER THE END OF THE REPORTING PERIOD

The impact of the closure of Churches for Public Worship as a result of the COVID-19 pandemic in March 2020 was severe. Collection income for the Charity reduced by almost 80% in a three-month period. Numbers attending Masses were restricted to 50 people when churches re-opened for worship on 29th June. Churches in Dublin were subsequently closed again indefinitely in September and churches in the rest of the Diocese were closed indefinitely in October. There is little room for optimism that support for the Charity will be restored to pre- March 2020 levels. This resulted in a range of restructuring measures being considered in an attempt to minimise the long-term impact of the pandemic, which came after years of steady decline in financial support for the charity.

There have been no other significant events affecting the Charity since the year end.

PLANS FOR FUTURE PERIODS

The Office for Financial Development will continue to implement strategies designed to generate additional funding for the parishes of the diocese to assist with both capital and operational expenses. The Financial Development Team is developing ways to assist with the funding of Lay Ministry into the future. The office will continue to phase in electronic payments and digital giving.

Since the COVID-19 pandemic, through the concerted efforts of the Financial Development Office, over 80 Parishes have online donate facilities on their parish websites as well as on the main Diocesan website. It is planned to roll out this facility to all remaining parishes by the end of 2020. Online giving is being encouraged as it is expected the traditional collection baskets will not be utilised for some time. The Charity is very grateful for the online donations that it has received to date. A sustained communications effort is underway to raise awareness among parishioners of this new way of donating. A large number of parishes have streamed their Masses on web cams for their parishioners to be able to continue to watch and listen to Mass at home. Every effort is being made to try to improve collections for the Charity as income has suffered greatly as a result of the pandemic.

In 2020, the income review group was established as a sub-group of the Dublin Diocesan Finance Committee. The role of the group is to make recommendations on how the more significant income streams of the Charity can be best increased and organised into the future.

The Share Fund will continue to invest in capital projects in specific parishes as deemed suitable by the Buildings Committee.

The Charity will continue to work towards full adoption of the Charities SORP (FRS 102) for financial reporting purposes. The Parish Trustees recognise that the income of the Charity is cash dependant and that controls around cash need to be continually strengthened. The Finance Secretariat continues to work with parishes to standardise and implement best practice in relation to the handling of cash.

TRUSTEES' REPORT - continued
Parishes of the Diocese of Dublin

STATEMENT OF TRUSTEES' RESPONSIBILITIES

The Trustees are required to prepare financial statements of the Charity for each financial year which give a true and fair view of the state of the affairs of the Charity, and of the income and expenditure of the Charity for that year. In preparing those financial statements the Trustees are required to:

- Select suitable accounting policies for the Charity's financial statements and then to apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards;
- Prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Charity will continue in business.

The Trustees are responsible for keeping proper books of account which disclose with reasonable accuracy the financial position of the Charity, and to enable them to ensure that the financial statements are prepared in accordance with the accounting policies. They are also responsible for safeguarding the assets of the Charity and hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are also obliged to ensure that a financial and activity report is filed annually with the Charities Regulator, and that all letterheads, stationery leaflets, brochures, website and other media display the Registered Charity Number.

Approved by:

Archbishop Diarmuid Martin

**INDEPENDENT AUDITOR'S REPORT TO THE
MEMBERS OF PARISHES OF THE DIOCESE OF DUBLIN**

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Parishes of the Diocese of Dublin ('the charity') for the year ended 31 December 2019, which comprise the statement of financial activity, balance sheet, statement of cash flows and notes to the financial statements, including the summary of significant accounting policies set out in note 2. The financial reporting framework that has been applied in their preparation is FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion section of our report, the financial statements:

- give a true and fair view of the assets, liabilities and financial position of Parishes of the Diocese of Dublin as at 31 December 2019 and of its results for the year then ended; and
- have been properly prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Basis for qualified opinion

Cash and cheque income sources represent a significant proportion of income for Parishes of the Diocese of Dublin. As controls over completeness of cash and cheque income were not adequate during the period, we could not rely on these controls for the purpose of our audit. There were no other satisfactory audit procedures that we could adopt to confirm independently that all cash and cheque income due to the charity was properly received.

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)). Our responsibilities under those standards are described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the organisation in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

In forming our opinion on the company's financial statements, which is not modified, we draw your attention to the trustees' view on the impact of COVID-19 as disclosed on page 9 in the trustees' report, on page 22 and page 23 in the disclosures around judgements and key sources of estimation uncertainty and on page 40 in the events after the reporting period note.

**INDEPENDENT AUDITOR'S REPORT TO THE
MEMBERS OF PARISHES OF THE DIOCESE OF DUBLIN**

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (Ireland) require us to report to you where:

- the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate: or
- the Trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charity's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The Trustees are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Respective responsibilities

Responsibilities of directors for the financial statements

As explained more fully in the statement of trustees' responsibilities statement set out on page 10, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the charity or to cease operations, or has no realistic alternative but to do so.

**INDEPENDENT AUDITOR'S REPORT TO THE
MEMBERS OF PARISHES OF THE DIOCESE OF DUBLIN**

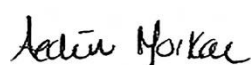

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA's website at: [http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description of auditors responsibilities for audit.pdf](http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description%20of%20auditors%20responsibilities%20for%20audit.pdf) . This description forms part of our auditor's report.

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Trustees, as a body, in accordance with our engagement letter. Our audit work has been undertaken so that we might state to the Trustee's those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Trustee's, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS

1 General information

In Civil Law, the Schools and Parishes of the Diocese of Dublin ("The Charity") is a charitable Trust, governed by a Trust Deed signed on 20 December 2017. The Charity is a registered charity with the Charities Regulator in Ireland with the Registered Charity Number 20016166. The registered address of the Charity is Holy Cross Diocesan Centre, Clonliffe Road, Dublin 3.

The Charity's focus is on public benefit, and the Trustees are committed to this focus. The objective of the Charity is to promote the advancement of the Roman Catholic religion by enabling the Archbishop to fulfil his canonical responsibilities which include the following;

- i. advancement of religion;
- ii. advancement of education;
- iii. provision of priests and other clergy;
- iv. provision for the Diocesan Offices of the Archdiocese;
- v. promotion of Catholic ethos in all walks of life;
- vi. relief of poverty; and
- vii. provision of physical infrastructure related to the activities of the Charity.

2 Summary of significant accounting policies

(a) Basis of preparation and statement of compliance

The financial statements comprise the Statement of Financial Activities, the Statement of Financial Position, the Statement of Cash Flows and the related notes to the financial statements, including a summary of significant accounting policies. The financial statements have been prepared on the going concern basis under the historical cost convention, modified to include certain items at fair value.

The financial statements have been prepared in accordance with accounting standards issued by the Financial Reporting Council, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102").

All references to 2019 are to the year ended 31 December 2019. All references to 2018 are to the year ended 31 December 2018.

(b) Fund Accounting

Each of the four funds of the Charity is restricted in nature and is governed in accordance with the Trust Deed of the Parishes of the Diocese of Dublin which details the purpose and use of each fund. These four funds are briefly described as follows;

(i) Combined Parishes

The income of the Parishes of the Diocese of Dublin is primarily comprised of family offering, legacies, donations and other streams of income. These funds are restricted and must be utilised by individual parishes. Funds cannot be allocated between parishes nor used across the diocese as a whole.

(ii) Clerical Fund

The funds of the Clerical Fund are restricted and income generated is used to meet the costs of care for priests in nursing homes and priests who need support due to illness. Income is primarily derived from subventions from the Common Fund and donations from priests of the diocese.

(iii) Common Fund

The Common Fund is for the suitable and equitable remuneration of priests serving in the Diocese. Church collections are the primary source of income, as well as Christmas and Easter dues.

(iv) Share Fund

The primary purposes of the Share Fund are to provide financial assistance to low income parishes and finance central support services for parishes. Share is funded from the second collection at weekend masses.

NOTES TO THE FINANCIAL STATEMENTS - continued

2 Summary of significant accounting policies - continued

(c) Tangible fixed assets

(i) Land

Land is valued at fair value based on the current use value of the land. There is no land or buildings held for investment. The exercise to identify and value land owned by parishes continues. The amounts involved are not regarded as being material.

(ii) Freehold buildings: functional buildings (i.e. that are for the purpose of the Charity and are still in use)

The Charity has based its accounting policies on the insurance value of these assets as at 31 December 2014 which has been discounted back to the year of acquisition or construction using the consumer price index (the CPI was benchmarked at the earliest date available 1922) to arrive at the estimate of the acquisition cost. This acquisition cost was then depreciated over the building's useful life to arrive at its current net book value. This does not reflect the insurance value or the market value of these assets.

(iii) Freehold buildings: purchased since 31 December 2014

Buildings purchased since 31 December 2014 are stated at cost or valuation net of depreciation and any provision for impairment.

(iv) Office equipment, fixtures and fittings and computer equipment

Office equipment, fixtures and fittings are carried at cost less accumulated depreciation and accumulated impairment losses. Prior to 1 July 2014, expenditure on office equipment, fixtures and fittings and computer equipment was expensed.

No account was taken of other parish assets or liabilities other than opening and closing net indebtedness.

(v) Heritage assets

Heritage assets consist of assets that have historic and artistic significance such as chalices, ciboriums, treasures and works of art. A reliable cost is not available for these works of art and historic treasures and the Trustees believe that the cost of carrying out such an exercise would outweigh the benefit of this information to the user of the accounts therefore these assets have not been capitalised. These assets are not held for investment as they are part of the Charity's overall objectives to advance the Roman Catholic faith.

(vi) Depreciation

Land is not depreciated. Depreciation on other assets is calculated using the straight –line method over the estimated useful lives, as follows:

	Capitalisation	
	Threshold	Years
Churches	N/A	100 years
Freehold buildings	N/A	50 years
Office equipment and fixtures and fittings	€5,000	5 years
Computer equipment	€1,000	3 years

The assets' residual values and useful lives are reviewed, and adjusted, if appropriate at the end of each financial year.

NOTES TO THE FINANCIAL STATEMENTS - continued

2 Summary of significant accounting policies - continued

(c) Tangible fixed assets - continued

(vii) Impairment of tangible fixed assets

At the end of each reporting period, the Charity assesses whether there is any indication that the recoverable amount of an asset is less than its carrying amount. If any such indication exists, the carrying amount of the asset is reduced to its recoverable amount, resulting in an impairment loss. Impairment losses are recognised immediately in the statement of financial activity, with the exception of losses on previously revalued tangible fixed assets, which are recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in equity in respect of that asset.

Where the circumstances causing an impairment of an asset no longer apply, then the impairment is reversed through the statement of financial activity, except for impairments on previously revalued tangible assets, which are treated as revaluation increases to the extent that the revaluation was recognised in equity.

(d) Revenue recognition

Income

(i) Donations and legacies

Monetary donations from the public are recognised as income when the donations are received.

(ii) Donations from other charity (Albert Gubay Foundation)

Donations from other charitable organisations are recognised when it is probable that the income will be received and the amount can be measured reliably.

(iii) Income from charitable activities

Income from charitable activities is recognised as income when the income is received.

(iv) Rent and facilities hire

If the parish issues invoices for the use of the facilities, the income is recognised when the amount falls due.

If the parish does not issue invoices, the income is recognised on a cash receipts basis.

(v) Fundraising events and Draws/Raffles

Income from fundraising events and draws/raffles is recognised when the income is received.

(vi) Shop sales

Income from shop sales is recognised when the income is received.

(vii) Car Park Income

Car park income relates to income received from parking management companies for the use of car parks owned by the parish.

Income is recognised when the remittance is received from these companies.

(viii) Sale of graves

Income from the sale of graves is recognised when the income is received.

(ix) Government grants

Government grants consists of funding received from local councils for various projects within the parishes.

This income is recognised when received.

(x) Bank interest income

Bank interest income is interest received by the parishes for any cash held on deposit with financial institutions.

Bank interest income is recognised on an accrual basis in the period in which it accrues.

NOTES TO THE FINANCIAL STATEMENTS - continued

2 Summary of significant accounting policies – continued

(e) Investments

(i) Valuation of investments

Investments are stated at market value. Realised and unrealised gains and losses on investments are included in the Statement of Financial Activities.

The value of financial instruments traded in active markets (such as publicly traded equities) is based on quoted market prices at the balance sheet date. The market valuations are provided to the investment advisors by a third-party pricing source. The value of the remaining financial instruments that are not traded in an active market is the lower of (a) the valuation as determined by the investment advisors using valuation techniques or (b) the estimated recoverable amount as determined by the Trustees.

(ii) Impairment of investments

At the end of each reporting period, the charity assesses whether there is objective evidence of impairment of any investments that are measured at cost or amortised cost. If there is objective evidence of impairment, impairment losses are recognised in the statement of financial activity in that financial year.

(f) Currency

Items included in the financial statements of the Charity are measured using the currency of the primary economic environment in which the Charity operates ("the functional currency"). The financial statements are presented in Euro, which is the charity's functional and presentation currency and is denoted by the symbol "€".

(g) Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rates ruling at the balance sheet date. Transactions in foreign currencies are recorded at the exchange rates ruling at the dates of the transactions.

Gains and losses arising from foreign currency translations and on settlement of amounts receivable and payable in foreign currency are dealt with in the Statement of Financial Activities.

(h) Expenditure and irrecoverable VAT

Certain expenditure is directly attributable to specific activities and has been included in those cost categories.

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Costs of generating funds are those costs incurred in attracting voluntary income.
- Charitable activities include expenditure associated with the mission of the church and include both the direct costs and support costs relating to these activities together with primary purpose trading activities that raise funds.
- Other expenditure represents those items not falling into any other heading.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

The Charity makes annual claims under the Charities VAT Compensation Scheme, operated by the Revenue Commissioners. Claims are submitted in the year following the year of expenditure and amounts receivable are dependent on the overall subscription to the Scheme which cannot be determined by the Charity. Income from the Scheme is therefore accounted for when received.

(i) Administration costs

Administration costs are those functions that assist the work of the Charity but do not directly undertake charitable activities. Administration costs include back office costs, finance, personnel, payroll and governance costs which support the Charity's activities.

(j) Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities.

Bank deposits which have original maturities of more than three months are not cash and cash equivalents.

NOTES TO THE FINANCIAL STATEMENTS - continued

2 Summary of significant accounting policies – continued

(k) Internal transfer

Transactions between the Parish Funds, the Common Fund, the Share Fund and the Clerical Fund are eliminated in the Statement of Financial Activities but interfund balances in the Balance Sheet are not eliminated and are reflected in Related Party Debtors and Creditors.

(l) Provisions and contingencies

(i) Provisions

Provisions are liabilities of uncertain timing or amount. Provisions are recognised when the Charity has a present legal or constructive obligation as a result of past events; it is probable that a transfer of economic benefits will be required to settle the obligation; and the amount of the obligation can be estimated reliably.

Provisions are measured at the present value of the best estimate of the amount required to settle the obligation. Provisions are reviewed at the end of each financial year and adjusted to reflect the current best estimate of the amount required to settle the obligation. The unwinding of the discount is recognised as a finance cost in the Statement of Financial Activities, presented as part of 'interest payable and similar charges' in the financial year in which it arises.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole.

(ii) Contingencies

Contingent liabilities, arising as a result of past events, are not recognised as a liability because it is not probable that the Charity will be required to transfer economic benefits in settlement of the obligation or the amount cannot be reliably measured at the end of the financial period. Possible but uncertain obligations are not recognised as liabilities but are contingent liabilities. Contingent liabilities are disclosed in the financial statements unless the probability of an outflow of resources is remote.

Contingent assets are not recognised. Contingent assets are disclosed in the financial statements when an inflow of economic benefits is probable.

(m) Employee Benefits

The Charity provides a range of benefits to employees, including paid holiday arrangements.

Short term benefits

Short term benefits, including holiday pay and other similar non-monetary benefits are recognised as an expense in the period in which the service is received.

Defined benefit pension scheme

Parishes of the Diocese of Dublin participates in a defined benefit pension plan (the Catholic Diocese of Dublin Pension Plan) which is sponsored by the Archdiocese of Dublin. In accounting for the Catholic Diocese of Dublin Pension Plan under FRS 102 the full value of the Plan's assets and liabilities have been included in financial statements of the Archdiocese. As it is not possible to identify separately Parishes of the Diocese of Dublin's share of the underlying assets and liabilities in the Catholic Diocese of Dublin Pension Plan, Section 28 of FRS 102 provides that each employer participating in the scheme should treat the scheme as a defined contribution arrangement and recognise only the contributions payable each period in its statement of financial activities.

Contributions charged in the statement of financial activities in relation to the defined benefit pension scheme are based on the advice of independent qualified actuaries and are charged to the income and expenditure account on a systematic basis over the expected remaining service lives of employees in the scheme.

NOTES TO THE FINANCIAL STATEMENTS - continued

2 Summary of significant accounting policies - continued

(n) Taxation

The Charity is exempt from taxation due to its charitable status.

(o) Critical accounting estimates and judgements

The Trustees make estimates and judgements concerning the future in the process of preparing the Charity's financial statements. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below:

(i) *Going concern*

In preparing the financial statements, the Trustees have considered the going concern position for the Charity.

The Charity is impacted by the Covid-19 pandemic, which has required the suspension of public worship and when churches have been permitted to re-open, there have been restrictions on the numbers attending. Therefore, the principal income raising activities of the Funds of the Charity (namely the Parish Funds, the Common Fund and the Share Fund) which are the weekly collections during masses have been significantly curtailed. Other income generating activities of the Charity such as fund-raising events, rental income and other sources of income are also significantly affected. Monthly income being received by the Funds is thus running at levels between 50% and 80% lower than prior year receipts since the beginning of the pandemic. The Charity expects the restrictions to continue for some time although at the date of approving the financial statements the duration is uncertain; it is not possible to predict when the income levels will again approach pre-pandemic levels.

The Charity is planning to maintain its operations and service provision and thus continue as a going concern through a combination of steps. An income committee has been formed as a subcommittee of the Dublin Diocesan Finance Committee to support the Office of Financial Development in developing alternative donation facilities. To date this work has included:

- Online donation facilities have been placed on parish websites - already available in over 105 Parishes (more than half of all parishes in the diocese). Further parishes continue to come on stream with this facility, the existence of which is being heavily promoted in parishes.
- "Tap and go" payment machines are being piloted in a number of parishes with the expectation that these machines will be rolled out to all parishes over the coming months to enable credit and debit card donations for all collections.
- Parishioners are also being encouraged to move towards standing orders/direct debits to ensure recurring income.
- The income committee will continue to evaluate and recommend other fund-raising initiatives.
- The Charity also expects to be able to continue to dispose of property assets to provide additional available funds.

The Charity has also taken steps to reduce expenditure in a number of areas:

- The Common Fund committee reduced diocesan priests' stipends and allowances by 25% from May 2020.
- A successful voluntary redundancy programme for diocesan support services in the curia and parish pastoral workers was launched in June 2020. As a result of this programme, the share subvention paid to the related party "Charities of the Archdiocese of Dublin" (€4.1m in 2019) will fall by approximately one third. In addition, the number of parish pastoral workers will reduce substantially resulting in savings in this Charity of approximately €691,000 per year.
- The Charity will continue to seek savings in all other areas of expenditure.

The Charity is not yet able to project, with reasonable certainty, when this combination of income generating steps and cost curtailments will enable the Charity's continuing costs to be covered by recurring income, but believes that these steps will be successful in the medium / longer term. In the meantime, the Charity entered 2020 with significant reserves of €205.7m and net cash resources of €70.7m.

Additionally, management has prepared forecasts to 31 December 2021 based on a number of assumptions which will continue to be evaluated as more information becomes available relating to the COVID-19 pandemic and in particular the expected continuing opening and closing of churches for public worship.

NOTES TO THE FINANCIAL STATEMENTS - continued

2 Summary of significant accounting policies – continued

(o) Critical accounting estimates and judgements – continued

(i) *Going concern - continued*

The estimates and judgements made in preparing these forecasts to 31 December 2021 are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the current circumstances. With regards to mass collections income, a prudent approach has been applied in forecasting the potential future income; averages of collections received in the recent weeks have been used rather than historical collections that may not be relevant for some time.

The Trustees are satisfied, having considered the impact of the pandemic, the mitigating factors introduced, the available free reserves, and an evaluation of the forecasted income and expenditure to 31 December 2021, that the Charity has adequate resources to continue in operational existence for the foreseeable future, and therefore have prepared the financial statements on a going concern basis.

(ii) *Tangible fixed asset depreciation - useful economic lives*

The annual depreciation on tangible fixed assets is sensitive to changes in the estimated useful economic lives and residual values of the assets. They are amended when necessary to reflect the current estimates, based on future investments, and the physical condition of the assets. See note 6 for the carrying amount of the tangible assets, and note 2(c)(vi) for the useful economics lives for each class of tangible fixed assets.

(iii) *Land and buildings valuation*

The Charity has based its accounting policies on the insurance value of land and buildings as at 31 December 2014 which has been discounted back to the year of acquisition or construction using the consumer price index (the CPI was benchmarked at the earliest date available 1922) to arrive at the estimate of the acquisition cost. This acquisition cost was then depreciated over the building's useful life to arrive at its current net book value. This does not reflect the insurance value or the market value of these assets.

(p) Financial instruments

The Charity has chosen to apply the provisions of Section 11 of FRS 102 to account for all of its financial instruments.

(i) *Financial assets*

Basic financial assets, including other debtors, cash and cash equivalents, short-term deposits and investments in corporate bonds, are initially recognised at transaction price (including transaction costs), unless the arrangement constitutes a financing transaction. Where the arrangement constitutes a financing transaction the resulting financial asset is initially measured at the present value of the future receipts discounted at a market rate of interest for a similar debt instrument.

Other debtors, cash and cash equivalents, investments in corporate bonds and financial assets from arrangements which constitute financing transactions are subsequently measured at amortised cost using the effective interest method.

At the end of each financial year financial assets measured at amortised cost are assessed for objective evidence of impairment. If there is objective evidence that a financial asset measured at amortised cost is impaired an impairment loss is recognised in profit or loss. The impairment loss is the difference between the financial asset's carrying amount and the present value of the financial asset's estimated cash inflows discounted at the asset's original effective interest rate.

If, in a subsequent financial year, the amount of an impairment loss decreases and the decrease can be objectively related to an event occurring after the impairment was recognised the previously recognised impairment loss is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment loss not previously been recognised. The impairment reversal is recognised in profit or loss.

Such financial assets are subsequently measured at fair value and the changes in fair value are recognised in profit or loss, except that investments in equity instruments that are not publicly traded and whose fair values cannot be measured reliably are subsequently measured at cost less impairment.

NOTES TO THE FINANCIAL STATEMENTS - continued

2 Summary of significant accounting policies – continued

(p) Financial instruments

(i) *Financial assets - continued*

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, or (b) substantially all the risks and rewards of ownership of the financial asset are transferred to another party or (c) control of the financial asset has been transferred to another party who has the practical ability to unilaterally sell the financial asset to an unrelated third party without imposing additional restrictions.

(ii) *Financial liabilities*

Basic financial liabilities, including other creditors, and bank loans, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction. Where the arrangement constitutes a financing transaction the resulting financial liability is initially measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Other creditors, bank loans, and financial liability from arrangements that constitute financing transactions are subsequently carried at amortised cost, using the effective interest method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is treated as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

NOTES TO THE FINANCIAL STATEMENTS - continued

5 Beneficiary and employee payments

Payments were made to 369 serving priests and 60 retired priests in 2019.

Analysis of staff numbers - 2019

	Parish Funds	Share Fund	Total
Number of full and part time parish staff	533	-	533
Number of parish pastoral workers	-	20	20
	<u>533</u>	<u>20</u>	<u>553</u>

Payments were made to 374 serving priests and 69 retired priests in 2018.

Analysis of staff numbers - 2018

	Parish Funds	Share Fund	Total
Number of full and part time parish staff	528	-	528
Number of parish pastoral workers	-	22	22
	<u>528</u>	<u>22</u>	<u>550</u>

The analysis of staff numbers for the current and prior year as presented above represents the total number of staff employed during the year rather than the average number or the number employed at year end.

No employees were paid annual remuneration in excess of €70,000 during the period.

Key management personnel

The key management personnel of the Charity in charge of directing and controlling, running and operating the Charity on a day to day basis comprise the Parish Trustees, the Management Committees and the Co-ordinating Trustees.

Trustees including the Parish Trustees, the Management Committees and the Co-ordinating Trustees do not receive any remuneration by virtue of their positions as Trustees or key management personnel. Trustees who are Roman Catholic priests of the Parishes of the Diocese of Dublin are remunerated by the Common Fund in the same way as priests who are not Trustees. No Trustees received any expenses in their capacity as Trustees or key management personnel during the year.

Defined benefit pension scheme

The Parish Pastoral Workers in the Parishes of the Diocese of Dublin participate in a defined benefit pension plan (the Catholic Diocese of Dublin Pension Plan). See note 4 (i) staff costs. Details on the defined benefit scheme are included in the annual Financial Report of the Charities of the Archdiocese of Dublin CHY Number 1333 and CRA Number 20002022 Note 14 pages 37-39.

In accounting for the Catholic Diocese of Dublin Pension Plan under FRS 102 the full value of the Plan's assets and liabilities have been included in the financial statements of the related charity the Archdiocese of Dublin. As it is not possible to identify separately the Parishes of the Diocese of Dublin's share of the underlying assets and liabilities in the Catholic Diocese of Dublin Pension Plan, Section 28 of FRS 102 provides that each employer participating in the scheme should treat the scheme as a defined contribution arrangement and recognise only the contributions payable each period in its statement of financial activities.

The accounting treatment being adopted does not change the nature of the arrangement. The funding responsibility of the Parishes of the Diocese of Dublin under the Trust Deed and Rules to fund the Plan is unchanged. Contributions as determined by the Scheme Actuary continue to be payable from time to time to preserve the solvency of the fund. These contributions will be determined such that they cover the funding costs of the accrued benefits in the Plan.

11 Creditors: amounts falling due after one year - continued

Bank term loan interest rates at 31 December 2019 are as follows:

Parish	Fixed/Variable	Interest Rate
Balbriggan	Variable	0.375%
Ballinteer	Fixed	2.250%
Ballyfermot	Variable	2.680%
Glasthule	Variable	2.680%
High Street	Variable	0.375%
Inchicore St Michael's	Variable	2.750%
Kilbride	Fixed	3.420%
Marley Grange	Variable	2.750%
Monkstown	Fixed	2.700%
ProCathedral	Fixed	2.680%
Saggart	Variable	3.430%
Sallynoggin	Variable	2.680%
Westland Row	Fixed	2.690%

With regards to the term loans and overdrafts, a global facility is in place with Allied Irish Bank and Bank of Ireland to ensure that Parishes can avail of term loans or overdrafts where required. There are no securities held over the assets of the Parishes of the Diocese of Dublin on these bank loans. The repayment of each bank loan is the sole responsibility of the individual parish. A contingent liability is recognised in the related charity the Archdiocese of Dublin as a guarantor over the loans as required by the loan facilities.

NOTES TO THE FINANCIAL STATEMENTS - continued

14 Transfers between Funds

The transfer between funds of €1.9m (2018: €1.7m) relates to a contribution from the common fund to the clerical fund to meet the costs of the beneficiaries in the clerical fund.

The transfer of funds between the parishes and the share fund of €1.4m (2018: €2.2m) relates mainly to subventions to certain parishes from the Share Fund for building projects or operating costs.

15 Total Funds

	2019	2018
Total Funds can be analysed as follows:	€'000	€'000
Parish Funds	175,832	169,559
Share Fund	15,562	14,438
Clerical Fund	9,656	8,117
Common Fund	4,633	5,886
Total Funds	205,683	198,000
Included in the total Share Fund are amounts designated for the following purposes:	€'000	€'000
• Building and maintenance fund for parishes in need of support	3,956	4,181
• Fund for the payments for the salaries of pastoral workers	2,498	994
	6,454	5,175

16 Events after the end of the reporting period

Due to COVID-19 churches closed for public worship. This resulted in parish income being severely impacted as their main source of income comes from the family offering collections at weekend masses. Collection income for the Charity reduced by almost 80% in a three-month period. Numbers attending Masses were restricted to 50 people when churches re-opened for worship on 29th June. Churches in Dublin were subsequently closed again indefinitely in September and churches in the rest of the Diocese were closed indefinitely in October. There is little room for optimism that support for the Charity will be restored to pre- March 2020 levels. This resulted in a range of restructuring measures being considered in an attempt to minimise the long-term impact of the pandemic, which came after years of steady decline in financial support for the charity.

There have been no other significant events affecting the Charity since the year end.

NOTES TO THE FINANCIAL STATEMENTS - continued

17 Capital commitments

Capital commitments relating to ongoing capital expenditure projects amounted to €2.0m at 31 December 2019 (2018: €2.5m).

18 Related party transactions

Transactions between the Parish Funds, the Common Fund, the Share Fund and the Clerical Fund are eliminated in the Statement of Financial Activities but interfund balances in the Balance Sheet are not eliminated and are reflected in Related Party Debtors and Creditors.

Included in related party debtors at 31 December 2019 in note 8 are the following balances:

- €358,000 internal balance due to the Pastoral Services fund from the Share Fund (2018: €Nil)
- €319,000 internal balance owed to parish funds from the common fund (2018: €288,000)
- €272,400 owed to the share fund from the Charities of the Archdiocese of Dublin (2018: €718,000)
- €193,000 internal balances due to the Share Fund relating mainly to share subventions paid to parishes by the Share Fund on behalf of the Share Building Fund (2018: €Nil)
- €190,000 owed to parish funds from the Charities of the Archdiocese of Dublin (2018: €204,000)
- €93,000 owed to Halston Street parish from the Charities of the Archdiocese of Dublin (2018: €93,000)
- €50,000 loan from the share fund to Garristown parish (2018: €50,000)
- €50,000 donations due to Pastoral Services Fund from the Charities of the Archdiocese of Dublin (2018: €Nil)
- €33,000 owed to Westland Row Parish from the share fund (2018: €Nil)
- €5,200 owed to Castledermot parish from a school in the parish (2018: €6,400)
- €2,400 internal balance owed to the share fund from the common fund (2018: €Nil)
- €Nil internal balance owed to the clerical fund from the common fund (2018: €57,000)
- €Nil owed to the clerical fund from Charities of the Archdiocese of Dublin (2018: €2,600)

Included in related party creditors at 31 December 2019 in note 10 are the following balances:

- €834,500 internal balance owed to the common fund from parish funds (2018: €584,000)
- €551,000 internal balances due to the Share Fund for subventions to parishes paid by the Share Fund on behalf of the Share Building Fund (2018: €Nil)
- €140,000 internal balance owed to the share fund from parish funds (2018: €97,000)
- €101,000 in loans from the Charities of the Archdiocese of Dublin to various parishes (2018: €102,000)
- €73,000 internal balance owed to parish funds by the common fund (2018: €178,000)
- €50,000 loan from the share fund to Garristown parish (2018: €50,000)
- €44,000 in loans from priests in the parishes to various parishes (2018: €49,000)
- €32,000 Share Pastoral Services Fund owes this balance at the year end to the Charities of the Archdiocese of Dublin relating to parish pastoral workers' salaries (2018: €Nil)
- €15,000 loan from the Missionaries of the Sacred Heart Order to Killinarden parish (2018: €15,000)
- €4,900 owed to the Charities of the Archdiocese of Dublin by the clerical fund (2018: €Nil)
- €2,400 internal balance owed to the share fund by the common fund (2018: €Nil)
- €2,300 owed to the Charities of the Archdiocese of Dublin by the share fund (2018: €36,000)
- €1,900 owed to the Charities of the Archdiocese of Dublin by the common fund (2018: €3,000)
- €Nil internal balance owed to the clerical fund by the common fund (2018: €57,000)
- €Nil owed to the World Meeting of Families 2018 by the share fund (2018: €27,000)
